

Take part in the Cumbria SEND Partnership Annual Survey on the Local Offer website

Cumbria's SEND Partnership calls for parents and carers to share their views in the Annual Survey

Dear parents and carers,

The SEND Partnership are writing to all families of children with special educational needs and/or disabilities (SEND) to ask you to complete our annual survey about your experiences.

The Partnership wants to find out what effect the improvements made so far by the SEND Improvement Programme have had, and what they need to do next to continue to make things better.

There are separate surveys for those whose children have an Education, Health and Care plan (EHCP), those whose children do not have an EHCP and for children and young people themselves. You can find the survey on the Local Offer website or by using the links below that will take you directly to each survey.

Survey for those whose children and young people HAVE an education, health and care plan (EHCP)

[Complete the survey for parent carers whose child or young person has an EHCP.](#)

Survey for those whose children and young people DO NOT have an education, health and care plan (EHCP)

[Complete the survey for parent carers whose child or young person does not have an EHCP.](#)

Survey for children and young people with SEND

This is [an easy read short survey for your children and young people to tell us what they think about the support they receive](#). We would be very grateful if you could support them to complete it.

You have until the end of September 2022 to complete the survey. Your feedback will help shape improvements in SEND services and support for the future.

We are very grateful for your time and for helping us to continue this essential work to better support children and young people across Cumbria.
